

WHY STUDY AT THE UNIVERSITY OF TWENTE?

AMONG THE WORLD'S 18,000 UNIVERSITIES, THE UNIVERSITY OF TWENTE (UT) IN THE NETHERLANDS BELONGS IN THE TOP 200.

UT's unique interdisciplinary approach – combining technology and engineering with behavioural and social sciences – provides students the opportunity to work in teams and create solutions that people and society really need – just like you'll do in your future job. With reasonable tuition fees, you'll receive a world-class education at an affordable price.

HANDS-ON, PROJECT-BASED EDUCATION

The Twente Education Model is characterised by the integration of project-led education and other teaching methods in thematic full-time study units known as modules. Each module in Twente's 3-year bachelor programme has one central theme with a variety of learning activities: lectures, workshops and feedback sessions with fellow students. The centre piece of each module is a team project in which, working with other students, you address a real-world problem, putting your learning into practice and preparing you for career success beyond your studies.

A COLOURFUL, MULTICULTURAL COMMUNITY

With over 80 nationalities, the University of Twente is a diverse and welcoming community. The majority of UT's programmes are English-taught and students frequently interact with one another through team project work and lively feedback sessions. Through your studies at UT you'll become a global citizen, equipped for working in varying international contexts.

LAUNCH YOUR GLOBAL CAREER

The Netherlands is home to many large, well-known corporations including Shell, ING Bank, KLM and Heineken. Thanks to UT's reputation as a leading technology and engineering university, University of Twente graduates are often top candidates for jobs at Google, Boeing, Philips and Siemens. Graduates of all nationalities can also work for one of our spin-off companies such as booking.com or takeaway.com.

WHERE YOU'LL LIVE

THE NETHERLANDS

Studying in the Netherlands turns out to be a richly rewarding experience. A safe and happy country by international standards, life in the Netherlands is peaceful and productive. Cities are easy to navigate by bicycle or public transportation with affordable travel options for students.

The Dutch people are globally respected for their open-minded, international and innovative perspectives and more than 95% of the Dutch people speak English.

ENSCHEDÉ: A VIBRANT STUDENT CITY

The University of Twente is located in Enschede, a medium-sized city located minutes from the German border. With 31,000 students and a wide range of clubs, bars, restaurants and theatres, Enschede has earned the right to call itself a vibrant student city. You'll never run out of things to do in Enschede.

- Enjoy all that the UT campus has to offer: campus sports, sports facilities, activities and student festivities.
- Head to a FC Twente football match with friends at the De Grolsch Veste stadium, one of the top football stadiums in the country.
- Ride your bicycle to the town centre to the Old Market Square, popular venue for live music, festivals and other activities.
- Sample Dutch food favorites or visit one of the popular international restaurants or takeaway shops.
- Enschede is situated in a beautiful green part of the Netherlands, with many woodlands, culture landscapes and picturesque towns within cycling distance.

YOUR ACCOMMODATION

UT is a truly unique campus in the Netherlands, meaning you can both live and study on UT's large, park-like campus. Twente Pathway College will offer assistance in booking student housing for this first year of your stay in Holland. Our offer consists of new and well-designed private en-suite studio apartments with kitchenette both on campus as in the city centre.

TRAVEL ACROSS EUROPE AND BEYOND

Your student visa will grant you the unique opportunity to travel across Europe during your studies. Hop on a train at the Enschede station and you'll be in Amsterdam, Paris or Berlin within hours.

STUDY AND POST-WORK EMPLOYMENT OPTIONS

During your studies, you are allowed to work up to 16 hours a week or you can work full-time during your summer holidays. After graduating, you are eligible to stay for one year applying for jobs thanks to the Netherlands' Orientation Year for Graduates Seeking Employment. You can then continue to live and work in the Netherlands for as long as you are employed.

INTRODUCING TWENTE PATHWAY COLLEGE

The Twente Pathway College is a partnership between the University of Twente and Navitas, an affiliated educational provider. Located right on the University of Twente campus and operated by Navitas, the Twente Pathway College offers academic pathways that lead to Twente’s globally recognised undergraduate degree programmes.
